

TENDERER'S TECHNICAL OFFER (Note 3)

The Technical Offer shall constitute the following:

- 1) A detailed restoration method statement including information on the works to be carried out and on all proposed environmentally friendly products and materials (such as mortar mixes, etc.) which is to clearly illustrate how the tenderer expects to achieve the requirements set in the tender specifications and related bill of quantities. (Note 3)
- 2) A construction management plan clearly outlining access to the site, hoarding and protection, site storage, the use of machinery and equipment, and the human resources that the tenderer envisages to deploy for the completion of the works in question, in line with the provided Works Method Statement. The plan may include drawings or sketches illustrating site dynamics and logistics. (Note 3)
- 3) A preliminary risk assessment and outline of the health and safety procedures that the tenderer intends to implement for the duration of the works. These documents shall act as a basis for more detailed reports prior to commencement of works by the winning bidder. (Note 3)
- 4) A graphic works schedule (programme of works) illustrating detailed work phasing and interim milestones. This tool shall clearly show how the tenderer expects to complete the works within the timeframes set in this tender document The duration of the contract is 78 weeks from order to start works. (Note 3)

Bidders are to ensure that all the above listed points are addressed in their submission.

- 1) The Declaration by bidder reproduced hereunder:

Technical Offer Declaration:

I / We declare that as part of our technical offer, I/we confirm that the materials and equipment that will be ordered and or purchases will be in accordance with the Technical Specifications (Section 4 of the Tender Document) and as detailed in the Bill of Quantities. I/We confirm that I/we will submit all literature that may be requested by the Contracting Authority for its approval prior to ordering and/or purchasing materials and equipment. I/We hereby confirm that I/we will submit samples that may be requested by the Contracting Authority for materials and/or equipment, for approval of the Contracting Authority prior to ordering and/or purchasing material and/or equipment. I/We understand that the Contracting Authority has the right to refuse the material and/or equipment being proposed and may request that an alternative for such material and/or equipment which is compliant with the tender specifications, be submitted. Final approval rests with the Contracting Authority. I/we understand that if I/we proceed to order and or purchase the material and/or equipment without the prior approval of the Contracting Authority, I/we will not be paid for these materials and/or equipment.

All products/materials used are to be eco-friendly.

Furthermore we confirm that the works will be carried out in accordance with the Technical Specifications (Section 4), as detailed in the Bills of Quantities.
