

LITERATURE LIST

Literature to be submitted with the technical offer at tendering stage:

Item	Description		Reference in Technical Specifications
1.3	Lime and/or premixed lime mortar.	The product shall be the same as the one proposed in the tenderer's technical offer.	C.41.4, C.41.5, C.41.6
1.4	Lime injection mortar	The product shall be the same as the one proposed in the tenderer's technical offer.	C.41.9
1.5	Epoxy resin injection grout	The product shall be the same as the one proposed in the tenderer's technical offer.	C.41.10
1.6	Consolidant	The product shall be the same as the one proposed in the tenderer's technical offer.	C.41.3
1.7	Biocide	The product shall be the same as the one proposed in the tenderer's technical offer.	C.40.5
1.8	Herbicide	The product shall be the same as the one proposed in the tenderer's technical offer.	C.40.6
1.9	RAISED FLOORING SYSTEMS	Ceramic Finished Raised Flooring	K.41

Further to the Literature List requested above, at contract implementation stage, the Contractor awarded the contract will submit necessary literature requested by the Contracting Authority in relation to materials and/or equipment that needs to be purchased for the implementation of the contract. The Contractor shall submit such information prior to placing orders or purchasing materials and or equipment, for the approval of the Contracting Authority. The Contracting Authority has the right to reject proposed materials and/or equipment and will request the Contractor to submit literature of alternative material and/or equipment compliant with the tender specifications. Final approval rests with the Contracting Authority. All products/materials used are to be eco-friendly. The material and/or equipment may not be ordered and/or purchased without the prior approval of the Contracting Authority. Should the Contractor proceed to order and or purchase the material and/or equipment without the approval of the Contracting Authority, the Contractor will not be paid for these materials and/or equipment.

Bidders are to sign the technical offer form whereby the bidder confirms that all material and equipment purchased will be in accordance to the technical specifications outlined in Section 4 of the tender document and to the Bill of Quantities.
