Subject : Consultation Reply - Conditional

Minute Text : With reference to the proposed development, the Civil Protection Department do not object with the condition that the applicant must present the Compliance Certificate of development adherence in view of reference document 20A, the Fire Safety report dated 7th July 2015 by Ing Alexander Vella, to the Civil Protection Department and MEPA after completion of works.

Since the premises is a historical structure, it is understood that fire provisions may need to be altered and adjusted. Note that the Civil Protection Department Fire Safety office is to notified prior actions taken.

Fire Safety measures and provisions shall compliment the Design guidelines on fire safety for buildings in Malta . Policies, and the Laws and Regulations of Malta.
